

Institute of Pure and Applied Physics

>> is non-profit organization

>> publishes physics-related journals, proceeding and books in both print and online form

Journals

Japanese Journal of Applied Physics

Full text of articles available from Vol. 21 (1982)
ISSN: 0021-4922 (print)/ISSN: 1347-4065 (online)

Journal of the Physical Society of Japan

Full text of articles available from Vol. 51 (1982)
ISSN: 0031-9015 (print) / 1347-4073 (online)

Progress of Theoretical Physics

Full text of articles available from vol. 58 (1977)
ISSN: 0033-068X (print) / 1347-4081 (online)

Books

Japanese Research Review for Pioneering
Ternary and Multinary Compounds
in the 21st Century
December 29, 2001
ISBN4-900526-16-9, 380 pages, soft cover

A free full-text view is offered to trial readers for 90 days from the publication date of each journal title. Free access invitation is available to some countries. Please contact <online-exemption@ipap.jp>.

Proceedings

Conf. Ser. 1

Proceedings of International Workshop
on Nitride Semiconductors
ISBN 4-900526-13-4, 1002 pages, hard cover

Conf. Ser. 2

Proceedings of the 10th International Conference
on Narrow Gap Semiconductors and Related
Small Energy Phenomena, Physics
and Applications (NGS)
ISBN 4-900526-14-2, 305 pages, soft cover

Conf. Ser. 3

Proceedings of the International Symposium
on Cluster Assembled Materials
The extension seminar of Core Research for
Evolutionary Science and Technology Project
ISBN 4-900526-15-0, 174 pages, soft cover

Conf. Ser. 4

Proceedings of 21st Century COE Joint
International Workshop on Bulk Nitrides
To be published in August 2003

The series will be covered in ISI Proceedings.

Other online services and developments

Web-based development

Web-Based Manuscript Submission and Peer-Review System.

Virtual journal

in Novel Superconducting Materials covered from JPSJ and JJAP.

A free access to SPIN

is offered to JJAP individual subscribers. SPIN covers
the most current abstracts
from over 80 journals published by the American
Institute of Physics and also contains JJAP.
Refer to the IPAP Subscription Guide 2004 for details.

The Institute of Pure and Applied Physics (IPAP), 6-9-6 Shinbashi, Minato-ku, Tokyo 105-0004, Japan
